WOW! IT'S S-T-R-E-T-C-H-Y!!

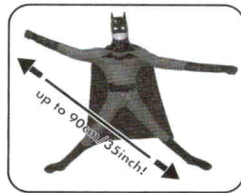

- Your stretch STRETCH BATMAN will break if you pull him too far.
- Excessive stretching could result in damage to the toy.
- **FORGET THE COLD OR THE HEAT!**
Your STRETCH BATMAN doesn't like extreme cold or hot conditions. Keep him at room temperature and he'll be alright. Outside is okay, if the temperature is about 22°C (72°F) or above.
- When your STRETCH BATMAN is cold, he is more difficult to stretch. As you hold him and stretch him carefully, he "warms up," and will be easier to stretch. Alternatively, you can put him in a bowl of warm water to soften up.
- Do not pull your STRETCH BATMAN too far, stretching him too far can break your toy. **DO NOT OVER STRETCH!**

IMPORTANT NOTE:

ALWAYS PLAY SAFELY! YOUR STRETCH BATMAN IS NOT INDESTRUCTABLE!

- Do not wrap or tie your Stretch Batman around any person's head, arm or leg.
- Take care not to tie knots too tightly or knot individual limbs.
- To stretch him, hold only his hands and feet.
- **DO NOT** pull from shoulders and upper arms.
- **DO NOT** puncture or bite - keep him away from sharp objects and pets.
- **DO NOT** pull his head, if it comes off, warm the head in warm tap water for 5 minutes and then carefully pop back onto the neck. (Ask an adult for help).
- **DO NOT** twist his legs or waist.
- **KEEP** him away from intense heat.
- **DO NOT** leave your Stretch Batman out in the sun.
- **WARNING** - Avoid rubbing or scratching painted decoration to keep your toy in good condition for longer.
- **DO NOT** pull or attempt to stretch cape.

If your STRETCH BATMAN breaks and leaks onto clothing, upholstery or carpeting, the non-toxic, food grade glucose solution filling can be removed by rubbing the area with a sponge and warm water.

PLEASE NOTE:
Your STRETCH BATMAN may not appear full due to settling during shipping.

This is normal. Simply pull it back into shape with a few stretches.
